

2018 Water Savings Report

2018 Water Usage

Notes:

2018 was an interesting year. We had an unusually dry late spring and early summer. The rain returned in August and offered some relief. You were able to see some good water savings. We will see what 2019 brings!

Total Yearly Usage		52563	Gallons
Anticipated Usage As Programmed		90,029	
Total Gallons Saved		37,466	
% Saved		41.62%	
\$ Saved at	5.43	/1000 gal	\$203.44
